STREET SCRAMBLER

The Street Scrambler has been designed to deliver a more purposeful and beautiful Scrambler style, with unique features and detailing.

Sharing the same contemporary custom principles as the Street Twin, the Street Scrambler has the iconic Bonneville silhouette combined with clean lines, minimal bodywork and contemporary finishes and sleek fuel tank.

Completing its distinctive style are a host of purposeful scrambler features, including an interchangeable pillion seat and aluminium rear rack, removable pillion pegs and hangers, adventure style front pegs and bash plate.

The dedicated Scrambler chassis has longer rear shocks, a 19 inch front wheel, wide handlebars and a low seat height. Fitted with Metzler Tourance tyres, the Street Scrambler is designed to deliver real capability and control on every type of road.

With an accessible seat height, commanding upright riding position, sure handling, wide handlebars, rider-focused-technology and over 150 stylish accessories, the Street Scrambler is fun, accessible and ready to personalise.

ACCESSORIES

We are obsessed with creating the best motorcycles in the world. Ones that bring the best out of every single rider. And the only person that can improve on what we do, is you. That's why we have created an extensive range of accessories for you to fine tune your bike to suit your ride. From styling to performance, luggage to protection, you'll find our complete range within the Accessories Catalogue. You can even see how your accessories change the look of your bike by using our industry-leading configurator. Whichever you choose, all Triumph Accessories are developed in conjunction with the bike itself. They go through a full testing and development process to ensure the highest levels of quality, reliability and safety.

CLOTHING

Our desire to get the most out of every ride applies as much to our clothing as it does to our bikes. Every piece of Triumph clothing is designed to play a part with technical innovations in materials and design, focusing on style, safety and comfort. Designed and tested by people that ride to deliver a perfect fit.
